

Gas Industries Association invites you to the <u>'Safety Seminar - 2017'</u>

on

'Emerging Trends in Product Transportation & Safety"

About GIA

Gas Industries Association (GIA) is established by founder members which include the leading Global Industrial gas companies operating in India viz., Inox Air Products Ltd., Linde India Ltd., Praxair India (P) Ltd., and Air Liquide India Holding Pvt. Ltd.

GIA aims to promote safety, health, security and environmental awareness in industrial (including specialty gases) and medical gases industry. It aims to minimize occupational injuries and illnesses, avoid environmental damage, assure security of hazardous materials and promote continuous improvement in these areas. GIA is also linked with all major global gas associations with similar objectives. With its associations and global expertise and by working closely with Indian authorities, GIA intends to introduce and maintain Global Best Practices and safety guidelines in the Industrial gases industry.

About Safety Seminar - 2017

Transportation safety is the backbone of all merchant business. Safety in Bulk and compressed gases transportation is the most critical part of the Industrial gases Industry. It involves transportation and delivery of hazardous cryogenic and compressed gases to divers customers in City / Urban areas / Industrial areas etc. With recent advancements in the infra structure and Technology several new possibilities have aroused which can help the gas industry to manage risks and boost the safety performance.

This seminar will present the work of member companies, showcase the new technologies from Industry leaders as well as give a ground report via direct experience sharing of drivers and transporters.

Venue & Timing

Le Meridian Hotel Bangalore. September 14, 2017 / Full day

Chief Guest: Chief Controller of Explosives, PESO, Government of India.

Who should attend

The seminar will be of interest to all professionals involved in distribution and transportation of Industrial and hazardous products. It shall help them in adopting and upgrading their systems.

This seminar will also be of interest to policy makers and management for getting a wide view of the issues and technologies available.

This seminar will also be of interest to Transport equipment manufacturers, service providers, plant Managers, Government / regulatory officials, users from industry, and also to those who are new to this industry..

Seminars organized by Gas Industries Association

GIA organizes annually seminars on the relevant safety topics. These are a grand success and well attended by esteemed government officials as well as the delegates from industry. We do hope that you will find this an absorbing experience.

Publications by Gas Industries Association

Gas Industries Association though its technical committee and transport safety work group published regularly technical papers and best practices. These publications have been made available on the association's website, <u>http://www.gasassociation.in/pub.asp</u>, free of cost, for the benefit of its members, the gases industry and for all those interested in these subjects.
